

On Course Media LLC introduces the Golf Show Shiner...a valuable, unique product and service that every golf course should have. On Course Media would like to include your golf course into its network of San Diego County golf courses that utilize the Golf Show Shiner.

Through a unique partnership with Florida based Shine Mark Systems, On Course Media will lend its state of the art, visually appealing golf shoe cleaning units to your course absolutely free. In addition to the complimentary use of the unit and the free services it offers your customers, On Course Media will also allow your course free advertising on the unit. This marketing service can be used to showcase your clubhouse and restaurant specials, golf instructor lessons, upcoming special events, or any other golf course promotions. How can we do this? Simple...the cost of this service is paid for by other advertisers who wish to target your customers.
